In 1998, under the auspices of UNESCO, with the active support of the Presidential Administration of the Russian Federation, the Ministry of Foreign Affairs of the Russian Federation, the Association of Ex-Ministers of Foreign Affairs, the Ministry of General and Professional Education of the Russian Federation, Associations of State and Non-State Universities of Russia, with the assistance of E. M. Primakov, the International Academic Accreditation and Certification Committee (IAACC) was established. IAACC is registered with the Russian Foreign Ministry, is one of the members of the Chamber of Commerce and Industry of the Russian Federation.

The mission of the Committee - within the framework of the UNESCO general course on the development of professional mobility and ensuring the recognition and comparability of qualifications obtained in different countries, to ensure an adequate assessment of the contribution of Russian specialists to the development of various sectors of the economy, business, science, technology, education, etc.

The main objective of the IAACC is to assist the citizens of Russia and other countries in the implementation of the right to professional certification according to the standards of UNESCO on the basis of ISCED - (International Standard Classification of Education: Fields of Education and Training 2013 (ISCED-F 2013 codes) with the purpose of increasing the competitiveness of specialists in hiring or promotion, when focusing on international business cooperation or work in foreign organizations, if any other considerations, including prestige considerations.

Specialists of higher competence of all fields of activity can apply for certification at the IAACC.

The IAACC certifies:

- for a professional doctorate in a specific field practical activities;
- for the degree of Philosophy Doctor (PhD);
- for the academic title of professor.

A professional doctor's degree is awarded for assessing the practical activities of a specialist, a PhD degree is awarded for evaluating a dissertation and scientific papers.

Honorary doctorates and title of professor are awarded.

Based on the certification results, diplomas in English and Russian are issued at the IAACC. Diplomas are registered and legalized, in accordance with the international standard, in the Ministry of Justice of the Russian Federation and in the Ministry of Foreign Affairs of the Russian Federation, are recognized abroad.
